Subject: Interagency Perchlorate Steering Committee teleconference for member agencies

Hello,

I am writing to invite you to participate on a teleconference for the Interagency Perchlorate Steering Committee (IPSC) member agencies on **Tuesday, May 16 from 1:00pm-3:00pm Eastern time (10:00am-12:00 noon Pacific time)**. The purpose of the teleconference is to provide an update on perchlorate issues to representatives of the 23 member agencies of the IPSC.

In order for me to arrange for adequate teleconferencing lines for the call, **please reply to this message by Tuesday, May 9 and let me know if you (or another representative from your agency if you are not available that date/time) will participate. We are encouraging people at the same office to call in to the teleconference using one conference room telephone, instead of using multiple lines.**

If you have any questions, please contact Kevin Mayer, Region 9 Superfund Division, at 415/744-2248. Please note that I will be out of the office from 4/26-5/9, and will not be able to return email messages until I return to the office.

We look forward to your participation on the teleconference.

Thank you,
Catherine McCracken
Community Involvement Specialist
USEPA Region 9, Superfund Division
